mass
communication or
communications
can be defined as
the process of
creating sending
receiving and
analyzing messages
to large audiences
via verbal and
written media it is
an expansive field
that considers not
only how and why a
message is created
but also the
medium through
web the term mass
media is also used
to refer collectively
to types of public or
private
organizations that
produce or
disseminate
particular forms of
expression through
such modes
including

newspapers and
wire services
periodicals book
publishers libraries
radio and television
networks movie
studios and record
companies web jul
